

2010 Golf Outing Report

The TACR Board and the Golf Committee wish to thank all of our sponsors and golfers who helped make our 2010 outing at Stonelick Hills a great success. We owe particular thanks to our title sponsor, [Great American Group](#). Great American's support enables TACR to provide you with the programs we bring the members all year long. Sponsorship revenue was at a record or near record level and we had our usual great turnout from the golfers. Although the skies threatened from time to time, the weather held and we had an outstanding event. The only disappointment was that no one won the car in the hole-in-one contest and the only grumbling heard was that we should have checked to see how many on the winning team were actually pros. The team of Mustard, Tierney, Tino and Dalton won it going away. For the rest of us, there is always next year.

Speaking of next year, as soon as we set a date for next year, we'll let you know so you can save the date on your calendar. The Golf Committee gets to take a couple of months off now before starting planning for next year but if you are interested in helping us with the planning, just let Christy know.

Thanks again to everyone who helped make the outing a lot of fun!
